

An efficient RDP tool to access your windows server

DIRECT APPLICATION ACCESS

RHosting stands out in remote desktop connection by allowing direct access to specific applications, limiting users to designated apps on the server. This control is managed through the **R**Hosting control panel, aligning apps with individual users.

Additionally, **R**Hosting offers granular access control at the folder level or a mix of both, ensuring a tailored user environment where users interact only with authorized applications or folders.

FLEXIBLE USER ADMINISTRATION

Enter the world of **R**Hosting, a platform that redefines User Administration with detailed access restrictions for Windows Drives, folders and applications. Administrators can tailor access controls to each user's needs, easily restricting drives, folders, or applications.

RHosting's intuitive interface simplifies the process, allowing administrators to set up user-specific access restrictions effortlessly, ensuring sensitive resources are protected and accessed only by authorized individuals.

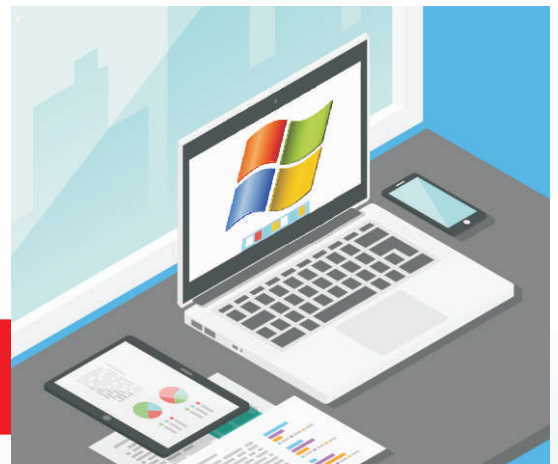

ENHANCED LOCAL PRINTING

Our cutting-edge technology seamlessly connects servers to local printers, supporting various models like Laserjet, Barcode and POS and multiple paper sizes.

RHosting excels in managing concurrent print commands, enhancing speed and efficiency without complex print queuing.

Enjoy a superior remote printing experience with effortless operations for all users.

RUN WINDOWS APPS ON ANY O/S OR ANY CLIENT DEVICE

Experience **R**Hosting's HTML version, offering access to Windows applications on any device or OS.

Whether using a MacBook, iPad, Android pad, Linux machine, or any desktop/laptop, **R**Hosting ensures seamless access. Benefit from the unique file transfer feature for effortless data upload and download between your server and local machine. Enjoy unmatched flexibility and cross-platform compatibility with **R**Hosting, unlocking new possibilities in remote server access.

AFFORDABLE PRICING

RHosting is highly affordable, with pricing suitable for individuals and small to medium-sized businesses. Its annual recurring pricing structure helps organizations avoid capex spend and provides value for money year on year.

Visit our website to download a free trial version of RHosting and experience the efficiency and flexibility of our remote desktop connection tool.
